DETAILED ACTION

Response to Arguments

Applicant's arguments, see Amendment - After Non-Final Rejection, filed 04/18/2006, with respect to claims 1, 6, 15, and 20 have been fully considered and are persuasive. The rejections of Claims 1, 6, 15, and 20 have been withdrawn.

Allowable Subject Matter

Claims 1, 4-8, 11-13, 15-22 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: Claims 1, 4-8, 11-13, 15-22 are allowed because the references cited fail to teach, as applicant has, deriving two reference signals from a single clock signal using an adjustable dual delay lines the two reference signals being substantially in a quadrature relation to one another, the dual delay line having an error signal input the dual delay line operable to alter the two reference signals based upon a signal received at the error signal input, using the two reference signals, performing frequency downconversion of the communications signal to produce the two output signals, forming an error signal representing the expectation of the product of the two output signals, propagating said error signal to said error signal input of said dual delay line, and using the error signal to adjust said dual delay line in order to alter a relative delay between the two reference signals; a phase error detection network configured to receive in-phase (I) and quadrature-phase (Q) signals, said phase error detection network including an error signal generator, and a dual delay line configured to receive a local oscillator signal ' and configured to receive an error signal from the error signal

generator the dual delay line operable to and generate I and Q reference signals having a relative delay that is dependent on the error signal, as the applicant has claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
